Preliminary Application For Support

Thank you for your interest in partnering with Velocity Church. Since we receive numerous requests for support every year, we have established these guidelines to help foster the proper stewardship of God's resources. In order to follow the vision of what God has called us as a church to be, the missions team and board of elders have decided that we will only financially support two types of missions/missionaries. These missions/missionaries are:

1. Church plants that are (or have):

- a. Located in the United States or abroad.
- b. Associated with a church planting network (Stadia, Vision 360, New Thing Network, etc.) and adhere to the Biblical principles of the Restoration Movement.
- c. Successfully passed CPAC (Church Planting Assessment Center) or a similar assessment to show that both the planter and spouse are mentally and physically capable of starting a church.
- d. Have clear launch plans (both written and oral) for what they intend to do in the city they intend to plant.

2. Children based missions/ministries that:

- a. Have a proven track record of eradicating the use of children in the human sex/labor trade.
- b. Have a proven track record of feeding, mentoring, and educating children who struggle in poverty-stricken areas of the world.

Additional Information

The elders at Velocity Church have decided that we will not give any Sunday morning worship time or publicly endorse any missions/missionaries who do not meet the criteria mentioned above. We ask that you don't try to bypass these guidelines or process for the benefit of your mission or calling. Additionally, we will

not use social media or email blasts in any form to endorse, support, or bring awareness to your cause or mission.

If you feel that your mission or church plant/mission meet the criteria above, please fill out the form below and email it to: missions@velocitycleveland.org.
